### **Insurance & Financial Information**

Fee for the initial consultation and exam is \$126.00 due at the time of your appointment.

A panoramic x-ray is needed for your consultation and exam. If you do not already have a current panoramic x-ray on file with your regular dentist we can take one in our office. The charge for the panoramic x-ray is \$131.00 due at the time of your appointment.

Since there are a number of sleep appliances, Dr. Elsner and Dr. Spellman will decide at your appointment which appliance is best suited for your needs. Fees for the sleep appliances range from \$650.00 to \$2500.00. This fee includes all future appointments as well as any adjustments and most repairs that may be needed.

If at the initial appointment you decide to proceed with the appliance, impressions will be taken along with the measurements and bite registrations. The full fee of the sleep appliance will be due at this time.

As a courtesy to you we will file the claims for these charges to your insurance company, whatever benefits they may issue will be sent directly to you. We would also like to remind you that it is your responsibility to contact your insurance company regarding coverage for your sleep appliance. This may or may not be a covered benefit under your policy. If pre-authorization is needed we suggest you have this done before your appointment for consultation in our office.

We suggest you call your medical insurance regarding information on plan coverage for oral appliances for sleep apnea. The diagnostic code is **327.23**, the consultation code is **99213** and **E0486** is the code for the "oral appliance used to reduce upper airway collapsibility, adjustable or nonadjustable, custom fabricated, includes fitting adjustment." Ask your medical insurer if a prior approval is needed.

For your convenience we accept MasterCard, Visa, Discover, as well as cash or check.

If you have any questions please feel free to contact Christin at (515) 277-3766.

## MEDICAL SCREENING QUESTIONNAIRE

I want you to be aware of important new research in the medical/dental field that may affect you or your spouse. Please read this form, answer the questions below, and sign and date the form. This form will then become part of your permanent record and will ensure that all patients have been screened for this medical problem.

**SNORING IS A SIGN THAT SOMETHING IS WRONG.** It is a major problem, which affects over 40 million Americans, and is now considered by the National Institute of Health as the number one health problem in America.

Besides damaging close relationships, it is a sleep-breathing disorder, which narrows the airway and decreases the oxygen to the brain. As a result of snoring, high blood pressure can develop as well as heart and lung problems. This condition can be life threatening. Dental and medical treatment is available that can solve this problem.

Please circle your answer to the questions below.

- |  |     |    |
|--|-----|----|
| 1. Do you or your spouse snore?  | Yes | No |
| I do ____ Spouse ____ Both ____  |     |    |
| 2. Is the snoring a problem?   | Yes | No |
| 3. Do you or your spouse have breathing problems which cause you to awaken at night?         | Yes | No |
| 4. Do you or your spouse suffer from daytime drowsiness or have to take naps during the day? | Yes | No |
| 5. Do you or your spouse suffer from bad breath?   | Yes | No |

## QUESTIONNAIRE FOR SNORING

Name \_\_\_\_\_ Age \_\_\_\_\_ Sex \_\_\_\_\_ Date \_\_\_\_\_

<b>THE EPWORTH SLEEPINESS SCALE</b>																					
<p>How likely are you to doze off or fall asleep in the following situations, in contrast to feeling just tired? This refers to your usual way of life in recent times. Even if you have not done some of these things recently try to work out how they would have affected you.</p> <p>Use the following scale to choose the most appropriate number for each situation:</p> <p>0 = would never doze            1 = slight chance of dozing            2 = Moderate chance of dozing            3 = high chance of dozing</p>	<table style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: left; border-bottom: 1px solid black;"><u>Situation</u></th> <th style="text-align: right; border-bottom: 1px solid black;">Chance of dozing</th> </tr> </thead> <tbody> <tr> <td>-Sitting and reading</td> <td style="text-align: right;">_____</td> </tr> <tr> <td>-Watching TV</td> <td style="text-align: right;">_____</td> </tr> <tr> <td>-Sitting, inactive in public place (e.g. theater or meeting)</td> <td style="text-align: right;">_____</td> </tr> <tr> <td>-As a passenger in a car for an hour without a break</td> <td style="text-align: right;">_____</td> </tr> <tr> <td>-Lying down to rest in afternoon when circumstances permit</td> <td style="text-align: right;">_____</td> </tr> <tr> <td>-Sitting and talking to someone</td> <td style="text-align: right;">_____</td> </tr> <tr> <td>-Sitting quietly after lunch without alcohol</td> <td style="text-align: right;">_____</td> </tr> <tr> <td>-In car, while stopped for a few minutes in the traffic</td> <td style="text-align: right;">_____</td> </tr> <tr> <td><i>Total Score</i></td> <td style="text-align: right;">_____</td> </tr> </tbody> </table>	<u>Situation</u>	Chance of dozing	-Sitting and reading	_____	-Watching TV	_____	-Sitting, inactive in public place (e.g. theater or meeting)	_____	-As a passenger in a car for an hour without a break	_____	-Lying down to rest in afternoon when circumstances permit	_____	-Sitting and talking to someone	_____	-Sitting quietly after lunch without alcohol	_____	-In car, while stopped for a few minutes in the traffic	_____	<i>Total Score</i>	_____
<u>Situation</u>	Chance of dozing
